

Times CAR RENTAL Terms and Conditions

This Agreement shall take effect starting Nov 1st, 2021.

Chapter 1 – General Provisions

Article 1: Application of Agreement

TIMES MOBILITY CO., LTD. (hereinafter referred to as the “Company”) shall rent out a vehicle (hereinafter referred to as “Rental Car”) to the Renter, and the Renter shall rent the Rental Car from the Company, all in accordance with the provisions in this Agreement. Matters not provided for in this Agreement shall be governed by relevant laws and regulations, and common practice.

The Company may make special provisions as long as they do not violate the purport of this Agreement, laws and regulations, administrative issuances, and common practice. If a special provision is made, such provision shall take precedence over this Agreement.

If the Renter has designated another Driver as described in Article 7, Paragraph 1, then the Renter shall ensure that the other Driver understands and complies with the provisions of this Agreement that concern the Driver.

Chapter 2 - Reservations

Article 2: Making a Reservation

Having consented to this Agreement, the separately prescribed price list, and other terms and conditions, the Renter may make a reservation, in accordance with the method separately provided by the Company, clearly specifying in advance the model or vehicle class, rental start date and time, rental location, rental period, return location, the name of the driver, requests for accessories such as toddler seats, and any other rental conditions (hereinafter referred to as “Rental Conditions”).

When the Renter has made a reservation, the Company shall offer the Rental Cars for rent in its possession. Upon reservation, the Company may request payment of a separately prescribed reservation fee, and the Renter shall pay the fee accordingly.

Article 3: Changes to Reservations

The Renter must obtain the consent of the Company prior to the rental start date and time for any changes to the Rental Conditions provided for in paragraph 1 of the preceding Article.

Article 4: Reservation Cancellations, etc.

The Renter may cancel a reservation by obtaining the consent of the Company.

A reservation shall be deemed to have been cancelled when, due to the Renter’s circumstances, the procedure for concluding the Rental Car Rental Agreement (hereinafter referred to as “Rental Agreement”) has not been commenced within one (1) hour of the rental start time indicated in the reservation.

If the Renter has failed to pay the reservation fee specified in Article 2, Paragraph 2, by the deadline specified by the Company, then the Company may cancel the reservation.

If a reservation has been cancelled by virtue of the preceding two paragraphs, the Renter shall pay the Company the reservation cancellation fee prescribed separately by the Company. If the reservation cancellation fee has been paid when a reservation fee had been paid, the Company shall reimburse the Renter the reservation fee.

The Company shall promptly inform the Renter when it is not possible to rent out the Rental Car reserved due to reasons attributable to the Company. In such a case, when it is not possible to rent out a different Rental Car of the same model or vehicle class (hereinafter referred to as "Substitute Rental Car"), or when the Renter does not agree to rent a Substitute Rental Car, the reservation shall be cancelled, and the Company shall reimburse the Renter the reservation fee.

The Company shall promptly notify the Renter according to the method it determined in advance when it is not possible to rent out a Rental Car reserved by the Renter due to natural disasters, accidents, theft, vehicle malfunctions or defects, recalls, delayed return by other renters, malfunctions in telecommunications operations, such as landline phones, mobile phones, smartphones, or internet connections, malfunctions or bugs in the system used to run the Company's Rental Car operations, or other reasons that cannot be attributed to the Company, or when it objectively deems inappropriate to rent out a vehicle to the Renter. In such a case, when it is not possible to rent out a Substitute Rental Car, or when the Renter does not agree to rent a Substitute Rental Car, the reservation shall be deemed to have been canceled. If a reservation has been canceled, the Company shall reimburse the Renter the reservation fee received, and the Company shall not be liable for any damage incurred by the Renter due to the cancellation of such reservation.

If the Renter has agreed to rent a Substitute Rental Car in the cases mentioned in the preceding two paragraphs, the Company shall rent out a Substitute Rental Car under the same Rental Conditions set at the time of reservation, except for the model or vehicle class; provided, however, that when the rental fee for the Substitute Rental Car is lower than that of the model or vehicle class reserved, the rental fee for the model or vehicle class of the Substitute Rental Car shall apply.

Article 5: Lack of an Agreement

The Company and the Renter shall apply or handle matters in accordance with the provisions of the preceding article in the event that there is no agreement, including cancellation of reservations or failure to conclude a rental agreement.

Article 6: Reservation Agents

The Renter may make a reservation through a travel agency or an affiliated company (hereinafter referred to as "Agency") that handles reservations on behalf of the Company.

A Renter who has made a reservation through an Agency by virtue of the preceding paragraph, notwithstanding the provisions in Article 3 and Article 4, can only make changes to or cancel the reservation with the concerned Agency.

Chapter 3 – Rental

Article 7: Concluding a Rental Agreement

Pursuant to 2 (10) and (11) of the Basic Instructions Concerning Rental Vehicles (National Passenger Car No. 48, July 1, 2019) issued by the competent authority, the Company is required to state the driver's name, address, type of driver's license, and driver's license number on the rental ledger (rent payment stub) and the rental certificate as provided for in paragraph 1 of Article 9, or affix a copy of the driver's driving license; thus, when concluding the Rental Agreement, the Company shall request that the Renter present and submit a copy of the driver's license of the Renter or the driver designated by the Renter (hereinafter referred to as "Driver") with which the Renter and the Driver shall comply. The copy of the driver's license and all other documents submitted by the Renter or the Driver at the time when the Rental Agreement is concluded shall not be returned to them by the Company for any reason.

When concluding the Rental Agreement, the Company may request that, in addition to the driver's license, the Renter and the Driver present and submit a copy of other documents for identity verification purposes, with which the Renter and the Driver shall comply.

When concluding the Rental Agreement, the Company shall request to be notified of the mobile phone number and other numbers to contact the Renter and the Driver during the rental period, with which the Renter and the Driver shall comply.

When concluding the Rental Agreement, the Company shall request payment by either credit card or in cash from the Renter; provided, however, that when the Company has approved payment by some other method, the Renter may pay rental fees by such method.

Rental Agreements shall come into effect when the Rental Car is handed over to the Renter, with the Renter having paid rental fees to the Company after the Rental Conditions have been clearly stated, the Company having clearly stated the Rental Conditions from this Agreement, price list, etc., and the Company having judged that concluding the Rental Agreement is appropriate and in accordance with the checking and other provisions in paragraphs 1 to 4 of this Article.

When a reservation agreement is already in place with the Renter, the handover of the Rental Car shall take place at the rental location specified in paragraph 1 of Article 2 upon the commencement of the rental period prescribed in the same paragraph. The reservation fee received shall be appropriated to form part of the rental fee once the Rental Agreement has been concluded.

When a reservation agreement with the Renter is already in place and the Company has judged reasonably, based on the outcome of the checking prescribed in paragraphs 1 to 4 of this Article, that it is not appropriate to conclude the Rental Agreement for any of the reasons provided for in paragraph 1 of Article 8, or when the Renter has not complied with the checking and other provisions in paragraphs 1 to 4 of this Article, the cancellation of the reservation shall be deemed attributable to the Renter's circumstances. In such a case, the Renter shall pay the Company the reservation cancellation fee pursuant to paragraph 4 of Article 4. However, this shall not apply in a case of applying the provisions of that paragraph for reasons that can be attributed to the Company, such as when the grounds for the Company's judgment were nonfactual.

Article 8: Refusal to Conclude a Rental Agreement

The Company may refuse to conclude the Rental Agreement when any of the following items applies to the Renter or the Driver:

When the driver's license necessary to drive the Rental Car has not been presented;

When deemed to be under the influence of alcohol;

When deemed to be intoxicated by substances such as drugs, stimulants, and thinners;

When traveling with a child under the age of six without a toddler seat;

When he or she has been determined to be a member of or involved with a crime syndicate or organization affiliated with a crime syndicate, or a member of some other antisocial organization ("organized crime etc." hereinafter), or facts have been identified that show that he or she has cooperated or been involved in maintenance and management of a crime syndicate or organization affiliated with a crime syndicate or has interacted with organized crime etc;

When the Driver specified at the time of reservation differs from the Driver at the time of concluding the Rental Agreement;

When there is evidence of belated payment of debt to the Company in past rental transactions;

When any of the acts provided for in Article 22 were committed in past rental transactions;

When any of the acts provided for in paragraph 6 of Article 26 or paragraph 1 of Article 35 were committed in past rental transactions (including past transactions with other car rental companies);

When there is evidence that automobile insurance was not applied in past rental transactions due to a violation of the Times CAR RENTAL Terms and Conditions or insurance terms and conditions;

When Rental Conditions prescribed separately by the Company have not been fulfilled;

Violation of the terms and conditions or agreements concerning services provided by a PARK24 GROUP company (<https://www.park24.co.jp/en/company/about/group.html>); suspension or cancellation of user eligibility for use of such a service, which shall qualify as grounds for suspension or cancellation of user eligibility under such terms and conditions or agreements; or

When the Company reasonably deems the rental to be inappropriate.

In any of the cases provided for in the preceding paragraph, when a reservation agreement with the Renter is already in place, the cancellation of the reservation shall be deemed attributable to the Renter's circumstances, and the Renter shall pay the Company the reservation cancellation fee pursuant to paragraph 4 of Article 4. However, this shall not apply in a case of applying the provisions of that paragraph for reasons that can be attributed to the Company, such as when the grounds for the Company's judgment were nonfactual.

Article 9: Issuance and Carrying of Rental Certificate, etc.

When handing over the Rental Car to the Renter, the Company shall issue the Renter or the Driver a rental certificate that indicates items prescribed by the Director of the relevant District Transport Bureau Branch (the Director of the Hyogo Land Transport Division of the Kobe District Transport Bureau

in the case of Hyogo Prefecture, or the Director of the Land Transport Office of the Okinawa General Bureau in the case of Okinawa Prefecture; the same shall apply in paragraph 2 of Article 10) .

When using the Rental Car, the Renter or the Driver must have on hand the rental certificate received in accordance with the preceding paragraph.

The Renter or the Driver shall immediately notify the Company if the rental certificate has been lost.

The Renter or the Driver shall return to the Company the rental certificate and the Rental Car at the same time.

Article 10: Rental Fees

Rental fees shall refer to the total of the following fees. The Company shall clearly state in the price list the amount, basis for calculation, and other details of each fee.

Basic fee;

Insurance/compensation fee (Safety Package fee, non-operation charge, Super Safety Package fee, etc.);

Auxiliary fee (accessories/options);

One-way (drop-off) fee;

Refueling/recharging fee;

Mileage fee (based on the distance traveled during the rental period);

Car delivery/collection fee; and

Other fees.

The basic fee shall be the fee in force the Company has filed with the Director of the relevant District Transport Bureau Branch at the time of concluding the Rental Agreement.

If the Company revises the rental fees after a reservation has been established pursuant to Article 2, the applicable amount is the rental fees at the time of reservation or the rental fees at the time of concluding the Rental Agreement, whichever is lower.

In the event that, during the rental period, the Renter or the Driver uses a toll road, hourly parking, or other services provided by another company, the Renter or the Driver shall be responsible for settlement of the usage charges or other charges incurred from such use.

The Renter or the Driver shall be deemed to have consented to the following: if in the case described in the preceding paragraph the Renter or the Driver has used the ETC System and the company operating the toll road or a similar party ("expressway operating company etc." hereinafter) has made an inquiry or other contact to the Company regarding the state of use of the toll road by the Renter or the Driver, the Company may disclose to the expressway operating company etc. information concerning the user.

Article 11: Rental Fees Upon Changing the Rental Period

When the rental period has been changed pursuant to Article 18, the Renter shall pay rental fees corresponding to the new rental period; provided, however, that when a Rental Agreement is

terminated midway through the rental period due to the Renter's circumstances, the Renter shall pay the termination fee provided for in paragraph 2 of Article 17 in addition to the rental fees corresponding to the period up to termination.

Article 12: Offsetting

When the Company bears monetary obligations to the Renter pursuant to this Agreement, the Company may, at any time, offset such monetary obligations with the rental fees and other monetary obligations the Renter bears to the Company, regardless of the due date of the Renter's monetary obligations.

Article 13: Cancellation of the Rental Agreement

If the Renter or the Driver has violated these Terms of Use while using the Rental Car or meets any of the descriptions enumerated under Article 8, Paragraph 1, then the Company may, with no notice or warning, release the Rental Agreement and immediately demand the return of the Rental Car and may process settlement as described below.

If the Company already has received any rental fees, then it shall refund to the Renter the balance thereof remaining after deducting the rental fees corresponding to the period from the actual handing over of the Rental Car to the Renter to the release of the Rental Agreement.

If the Renter has caused any damage to the Company as described in Article 24, Paragraphs 1 and 2, then the Company shall demand from the Renter compensation for such damage.

In a case that does not meet the descriptions of the preceding subparagraph, the Company shall demand from the Renter payment of a termination fee as described in Article 17, Paragraph 2, pursuant to the provisions of Article 17.

The Company may offset obligations under Subparagraphs (1) and (2) or Subparagraph (3) pursuant to the provisions of the preceding article.

Article 14: Cancellation Due to Rental Car Defects

The Renter may cancel the Rental Agreement when the Rental Car cannot be used due to defects that existed prior to rental by the Renter.

Article 15: Early Termination of Rental Due to Force Majeure Events

The Rental Agreement shall be terminated when, during the rental period, the Rental Car can no longer be used due to natural disasters or other force majeure events, accidents not attributable to the Renter, theft, malfunctions, or other reasons which cannot be attributed to the Renter. In such a case, the Company shall exempt the Renter from the rental fees from the time when the Rental Car can no longer be used, in accordance with the price list prescribed separately by the Company.

When any of the circumstances provided for in the preceding paragraph has occurred, the Renter shall immediately inform the Company thereof.

Article 16: Early Termination of Rental Due to Reasons Attributable to the Renter

In the event that, during the rental period, the Rental Car can no longer be used due to an accident, malfunction, or other reasons attributable to the Renter or the Driver, the Renter or the Driver must immediately notify the Company of such occurrence. The Rental Agreement shall be terminated once the notification to the Company has been made.

In the event that, during the rental period, the Renter or the Driver parks on private property or other locations where parking is prohibited without permission, and the Company is required by the landowner, police, or other concerned parties to remove the Rental Car, the Company may remove or collect the Rental Car upon judging that it is difficult for the Renter or the Driver to immediately remove the Rental Car.

In the case provided for in the preceding paragraph, the Rental Agreement shall be terminated once the Company removes or recovers the Rental Car. The Company may claim from the Renter the expenses incurred, such as those required to locate and remove or recover the Rental Car.

In the event that the Rental Agreement is terminated pursuant to Paragraph 1 or Paragraph 2 of this article, the Company shall process settlement as described below in addition to demanding payment of the costs described in the preceding paragraph.

If the Company already has received any rental fees, then it shall refund to the Renter the balance thereof remaining after deducting the rental fees corresponding to the period from the actual handing over of the Rental Car to the Renter to the release of the Rental Agreement.

If the Renter has caused any damage to the Company as described in Article 24, Paragraphs 1 and 2, then the Company shall demand from the Renter compensation for such damage.

In a case that does not meet the descriptions of the preceding subparagraph, the Company shall demand from the Renter payment of a termination fee as described in Article 17, Paragraph 2, pursuant to the provisions of Article 17.

The Company may offset obligations under Subparagraphs (1) and (2) or Subparagraph (3) pursuant to the provisions of Article 12.

In such a case, the Company shall deduct the rental fees for the period from rental until the return of the Rental Car from the rental fees received and reimburse the difference to the Renter.

When the Rental Agreement is terminated pursuant to the preceding paragraph, the Renter shall pay the Company the following termination fee.

[Termination Fee]

(Rental fees corresponding to the Rental Agreement period – Rental fees corresponding to the period from rental until termination) x 50%

Provided, however, that such an appropriation shall be limited to the amount specified separately by the Company.

Article 18: Changes to Rental Conditions

The Renter must obtain prior approval from the Company when, after the establishment of the Rental Agreement, the Renter wishes to change the Rental Conditions set at the time of conclusion of the Rental Agreement. The Company shall not approve the changes if it would not be possible to rent out under such Rental Conditions.

Chapter 4 - Responsibilities

Article 19: Regular Inspections and Maintenance

The Company shall rent out a Rental Car that has undergone the regular inspections and maintenance provided for in Article 48 of the Road Transport Vehicle Act.

The Company shall take appropriate measures such as replacing parts when a Rental Car is discovered to be poorly maintained during the inspections provided for in the preceding paragraph or during the checking of the vehicle prior to rental.

When, upon conducting the inspections provided for in paragraph 1 or checking the vehicle prior to rental, the Company deems the use of the Rental Car to be difficult, the reservation agreement entered into by the Renter in accordance with paragraph 5 of Article 4 shall be canceled. In such a case, the Company shall endeavor to inform the Renter of another rental car to the extent feasible in light of the state of utilization of rental cars but shall not bear any other liability.

Article 20: Daily Inspections and Maintenance

Article 24: Liability for Compensation

When the Rental Car cannot be used by the Company due to an accident, breakdown, or other grounds attributable to the Renter or the Driver during the rental period, the Renter shall pay the Company the

fees separately prescribed by the Company as compensation for business interruption for the period the Rental Car cannot be used or the repair period.

In addition to those provided for in the preceding paragraph, the Renter shall assume liability for compensation for damages if the Renter commits acts in violation of the articles, rules, and special provisions under this Agreement, the detailed regulations stipulated in Article 43, and other terms and conditions. The Renter shall also be liable for compensation for damages when a third party or the Company has suffered damages following use of the Rental Car due to reasons attributable to the Renter.

event that the limit provided for in paragraph 1 is changed under special provisions at the time of the conclusion of the Rental Agreement.

Unless otherwise there are special provisions, the Renter and the Driver shall be responsible for damages equivalent to the deductible amount of the insurance benefit or compensation provided for in item 2 or 3 of paragraph 1.

If the Renter or the Driver has committed a parking violation under the Road Traffic Act with respect to the Rental Car during the rental period, the Renter shall go to the police station that has jurisdiction over the area in which the parking violation took place (hereinafter referred to as "Jurisdictional Police Station"), immediately pay the fine for the parking violation, and be responsible for various expenses related to the parking violation, such as those for removing, storing, and picking up the Rental Car.

In the case of the preceding paragraph, if the Company is informed of the parking violation by the police, the Company shall contact the Renter or the Driver and promptly have the Rental Car brought to the location it specifies, and provide instructions for carrying out administrative procedures, such as appearing at the Jurisdictional Police Station not later than the time of returning the Rental Car or the time indicated by the Company and paying the fine for the violation. Furthermore, at the same time, the Company shall request the Renter or the Driver to sign a document (hereinafter referred to as "Acknowledgement Letter") prescribed by the Company in which the Renter or the Driver attests to having appeared at a police station, the fact of a parking violation and compliance with legal measures as an offender with which the Renter or the Driver shall comply. If the Renter or the Driver does not pay the fine for the parking violation or the various expenses provided for in Paragraph 1 of this Article, the Company may not accept return of the Rental Car, even during the rental period, until the Renter completes the payment of the fine.

In the case provided for in the preceding paragraph, if the Rental Car is returned after the lapse of the rental period, the Renter shall pay separate usage fees for the excess period.

If reasonably deemed necessary by the Company, the Company may submit to the police and the Public Safety Commission the Acknowledgement Letter and Rental Conditions, information of the Renter or the Driver registered with the Company, and documentation, such as data containing information, such as the license plate number of the Rental Car rented to the Renter, to which the Renter and the Driver shall consent in advance.

If the Company receives a notice of parking violation from the police or a municipal public safety commission, the Company may claim payment of a deposit equivalent to the Expenses Related to the Parking Violation defined in the following paragraph from the Renter. When the Renter pays the deposit and also pays the fine for the parking violation before the Company pays an abandonment fine provided for in the following paragraph, the Company shall reimburse the Renter for the deposit less various costs relevant to the parking violation.

If the Company receives an order to pay the abandonment fine provided for in Paragraph 4 of Article 51-4 of the Road Traffic Act and the Company remits such payment, or if the Company incurs expenses required to locate the Renter or the Driver or remove, store, or pick up the Rental Car, or if the Company is restricted from using (prohibited from driving) cars by the municipal public safety

Amount equivalent to the abandonment parking fine;

Parking violation penalty fee prescribed separately by the Company;

Expenses required to locate, remove, store, or pick up the vehicle; and

Compensation for loss of business operation due to restriction on using (prohibition of driving) cars specified separately by us.

When the Company has received an order to pay the abandonment parking fines provided for in the preceding paragraph, or when the Renter does not pay the amount specified in the same paragraph in full by the deadline specified by the Company, the Company shall take measures such as registering the name, address, driver's license number, and other information of the Renter in the All Japan Rent-a-Car Association information management system (hereinafter referred to as "All Japan Rent-a-Car Association System").

If the Renter needs to pay the fine and other fees for the parking violation in accordance with the provisions of paragraph 1, and the Renter does not comply with the Company's instructions to perform the procedures for the violation pursuant to paragraph 2 or the Company's request to sign the Acknowledgement Letter provided for in paragraph 2, the Company may demand a parking violation fee in an amount prescribed separately (hereinafter referred to as "Parking Violation Fee") and appropriate such fee to the abandonment parking fine prescribed in paragraph 6 and the parking violation penalty fee.

Notwithstanding the provisions of paragraph 7, once the Company has received from the Renter the Parking Violation Fee and the full amount of the expenses provided for in item 3 of paragraph 6, the Company shall delete all data registered in the All Japan Rent-a-Car Association System provided for in paragraph 7.

If the Renter has paid the Company the amount demanded by the Company pursuant to paragraph 6, and when the order to pay the abandonment parking penalty fee has been revoked due to the Renter paying the fine for the parking violation or a public action that has been filed against the Renter, and the Company receives a refund of the parking violation fine, the Company shall refund to the Renter only the amount equivalent to the parking violation fine from the Expenses Related to the Parking Violation which have already been paid to the Company. The same shall apply if the Company has received the Parking Violation Fee from the Renter pursuant to paragraph 8.

If information has been registered in the All Japan Rent-a-Car Association System in accordance with the provisions of paragraph 7, the Company shall delete the data registered in the System when the order to pay the abandonment parking penalty fee has been revoked due to the fine having been paid, etc., or when the amount demanded by the Company in accordance with the provisions of paragraph 6 has been paid to the Company in full.

When the Company incurs losses from a problem or accident due to illegal parking of the Rental Car (including repair costs and towing fees in case the illegally parked Rental Car has been damaged), the Renter shall be liable for compensation therefrom.

Chapter 5 – Measures for Accidents and Theft

Article 27: Handling of Accidents

When an accident involving the Rental Car occurs during the rental period, the Renter shall take measures provided for in laws and regulations and shall handle the situation in accordance with the provisions below regardless of the seriousness of the accident.

Promptly submit documentation or evidence required by the Company and the insurance company contracted by the Company in relation to the accident;

Obtain prior approval from the Company when settling or reaching agreements with a third party in relation to the accident; and

Do not carry out repairs; the Rental Car shall be repaired by the Company.

In addition to those provided for in the preceding paragraph, the Renter shall endeavor to resolve the accident on their own responsibility.

The Company shall provide the Renter advice on handling the accident involving the Rental Car and shall cooperate to resolve the situation.

Notwithstanding the provisions in item (4) of paragraph 1, if the Rental Car is equipped with a puncture repair kit or a spare tire, the Renter and the Driver may repair the flat tire themselves with the same. However, the Company shall not be liable for any damage caused to the Renter or the Driver by their repairs using the puncture repair kit or spare tire for reasons not attributable to the Company.

Article 28: Theft

When the Rental Car has been stolen during the rental period, the Renter shall take the measures prescribed below.

Immediately report the theft to the nearest police station;

Immediately inform the Company of the state of the damage; and

Promptly submit documentation and other information required by the Company and the insurance company contracted by the Company in relation to the theft.

Article 29: Measures for Malfunctions, etc.

When any abnormalities or defects are discovered in the Rental Car during the rental period, the Renter shall immediately stop using it, inform the Company, and follow the Company's instructions.

When the abnormality or defect of the Rental Car is due to reasons attributable to the Renter, the Renter shall be liable for the expenses required to pick up and repair the Rental Car. In such a case, the Rental Agreement shall terminate immediately upon informing the Company, and the Renter shall pay fees equivalent to the period from the start of the rental period, which was specified at the time of reservation of the Rental Car, up to the time of informing the Company.

If the Rental Car cannot be used due to defects that existed prior to rental, the Company shall not demand rental fees.

If the Rental Car can no longer be used because of malfunctions that have arisen despite the Company conducting regular inspections and maintenance work prescribed in Article 19, the Renter shall not hold the Company liable for any damages incurred as a result of such malfunctions, except for reasons that can be attributed to the Company.

Article 30: Exemptions Due to Force Majeure Events

If the Renter is unable to return the Rental Car by the end of the rental period due to natural disasters, accidents, theft, or other force majeure events which cannot be attributed to the Renter, the Company shall not hold the Renter liable for any damages incurred as a result thereof. In such a case, the Renter shall immediately inform the Company and follow the Company's instructions.

If the Company is unable to rent out a Rental Car because of natural disasters, accidents, theft, vehicle malfunctions or defects; delayed return by other renters; malfunctions in telecommunications operation of landline phones, mobile phones, smartphones, or internet connections; malfunctions or bugs in the system used to run the Company's Rental Car operations; or other reasons that cannot be attributed to the Company, the Company shall not be liable for compensation for damages suffered by the Renter as a result thereof.

Chapter 6 – Return

Article 31: Responsibility to Return the Rental Car

The Renter or the Driver shall return the Rental Car to the Company at the specified return location by the end of the rental period.

When the Renter or the Driver has violated the preceding paragraph, the Renter shall pay compensation for all damages incurred by the Company, in addition to paying the surcharge prescribed in the following paragraph.
